EasyTrack

We offer you:

- Well-arranged, user-friendly system
- Good price-performance ratio
- Simple height adjustment
- Flexibility in functionality

The EasyTrack is a crop care trolley for greenhouses with no pipe rail system. The height adjustable trolley runs on pneumatic tyres and can be controlled using a joystick. The EasyTrack's electrical controls are easy to use and ensure that crop activities can be carried out responsibly and ergonomically. Because the trolley can be partly dismantled, the EasyTrack is easy to stack, thus facilitating efficient transport.

EasyTrack

The clear dashboard, with as few switches and control knobs as possible, ensures quick acceptance from the operator

The simple and solid height adjustment ensures a stable work platform

Easily accessible parts and proven technology ensure simple and minimal maintenance

Even on prepared soil, the EasyTrack has enough grip and is extremely manoeuvrable
