

EasyKit

We offer you:

- Well-arranged, user-friendly system
- Good price-performance ratio
- Simple height adjustment
- Flexibility in functionality

The EasyKit is a simple pipe rail trolley with a mechanical platform. Thanks to the EasyKit, crop activities can be carried out responsibly and **ergonomically**. The EasyKit is characterised by simplicity, **reliability** and serviceability. A double door, simple platform adjustment and well-arranged controls ensure employees' **quick familiarity** with operating the EasyKit. Because the trolley can be fully dismantled, the EasyKit is easy to stack, thus facilitating efficient transport.

The clear dashboard, with as few switches and control knobs as possible, ensures quick acceptance from the operator.

The simple and solid height adjustment ensures a stable work platform.

Easily accessible parts and proven technology ensure simple and minimal maintenance.

The rail width can be easily adapted by mounting other rollers.

Technische specificaties EasyKit
